# PRESIDENT's REPORT, 2010

Thank you for reading the 2010 NZOF Annual Report.

My thanks to Rob Crawford for again putting it together and for his excellent leadership and administration during the year.

2010 was a difficult year for sport in general – and while there were some good results out on the pitches (rugby, soccer, netball, Commonwealth Games, rowing etc), behind the scenes most sports have been really struggling financially at elite level right down to grass roots.

Against this background, it is pleasing to see orienteering surviving the difficult economic conditions in relatively good shape, and once again it has been fantastic to see our teams and individuals excel in international competition in multiple disciplines of the sport.

It is also very pleasing to see us maintain our high levels of membership and participation from recent years, and maintain a quality events calendar around the country.

As always, this has been the result of the hard work of hundreds of volunteers all round the country who hold our clubs together on a weekly basis. My thanks once again go to all of you, for your ongoing dedication and enthusiasm.

During the year the NZOF Council farewelled Trish Faulkner and Raewyn Simpson as South Island and Central Districts reps respectively. Both made outstanding contributions during their terms on the Council, and my thanks go to them (and their families) for all their efforts. In their places we welcomed Owen Cambridge (SI) and Mathew Smith (CDOA).

My thanks too to all the other NZOF officers and volunteers for their ongoing commitments to the sport at a national level.

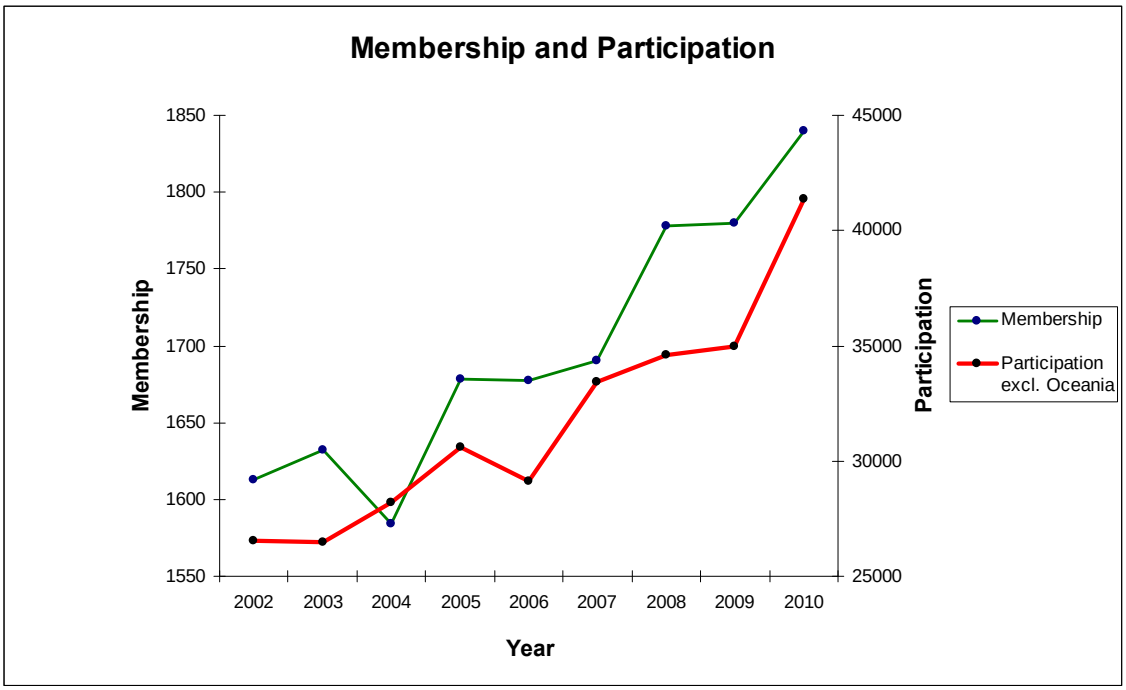
On a personal note, this will be my last Presidential report, as I will not be standing for re-election at the AGM in April. It has been a pleasure to work with the rest of the NZOF Council and clubs over the last five or so years and I thank everyone for their support over that time, in particular Stuart Payne and now Rob Crawford in the role as NZOF General Manager. Their dedication and professionalism have meant my Presidential role has been very straightforward. I also want to thank all the other individuals who are now or have been on the Council over that period – I have greatly enjoyed working with you all.

Now it is time for some fresh blood and enthusiasm – and my best wishes to the new President!

Paul Dalton

## Introduction

Let's start by accentuating the positive. Last year our sport recorded significant increases in participation (especially) and membership, and we continue to break new ground with both these numbers, as the following chart illustrates:



While there was an increase in the number of events held in 2010, it is also pleasing to note that increased participation is resulting from more people attending events. An average of 105 participants per event is also the highest-ever recorded.

Increased participation is especially occurring at local, close-to-home events (including school events) and perhaps reflects current society where there is restricted time available for leisure activities. Yet this introduces one of a number of potential challenges Orienteering may face, in that activity in "traditional orienteering" where we travel to remote locations under the canopy of trees is remaining static. Economic conditions, including the price of petrol, may further impact on this part of our sport. Whether this is something that should be of concern can be debated.

Membership also rose last year, with 11 out of 17 clubs recording increases. On a regional level, three areas remained static while the South Island swelled its numbers by 12%. However, not all is rosy with some clubs, especially in smaller centres, finding it a challenge to sustain their operations. Unfortunately there does not appear to be an easy solution for such circumstances.

So while on the surface our sport appears healthy, personally I believe we have challenges to maintain that health. During the year while reading about non-profit organisations I came across the following quote which immediately resonated:

*'Growth' is often touted as a desirable outcome of activity, but … resources are needed to create growth, but growth consumes resources in the form of greater infrastructural needs, communication, and management practice.*

In short, "growing pains". This is especially felt at the national level where, like clubs, NZOF is essentially a volunteer organisation. Further, our ability to source external income is limited, resulting in a challenge to provide the structure one might ordinarily expect from a national organisation of a growing sport.

In summary, we should be pleased with the progress our sport is making and acknowledge the contributions of many of our members who volunteer an extraordinary amount of time and effort to provide the activity that is occurring. However I do suggest that growth brings its own set of challenges that we should be mindful of and devote some attention to managing them.

Finally, I would like to personally thank the people who do contribute to the operations of NZOF. Without exception, we are blessed with competent volunteers in a variety of roles. While Paul has acknowledged the contribution of Trish Faulkner and Raewyn Simpson who have vacated the NZOF Council, there are others who have sadly escaped from our clutches.

Our Selection Panel lost both Jeff Greenwood and Marquita Gelderman during the year and with it a vast amount of experience. Both have served as Convenors, and performed their duties with a high level of integrity and care. Being a selector is a difficult and demanding role, yet they managed it with aplomb.

I am also sorry to see Geoff Morrison leave as our Secondary Schools Coordinator, although after 11 years in this chair he has perhaps earned a life-time exemption from being asked to contribute to NZOF affairs in the future. Over the last decade, school doors have increasingly opened for our sport, and Geoff's contribution to that is acknowledged and appreciated.

## Financial Performance

In 2009, NZOF Council was determined to restore our finances to a break-even position, and this was largely achieved with the accounts showing a small surplus of $1,878 for the 2010 year.

Both income and expenditure were down compared to 2009. A reduction in income occurred across the board, with event levies down (Oceania in 2009 being the reason), external income down through making no gaming trust applications, and a slight reduction in interest.

However, the reduction in income did not translate into a deficit as expenditure also reduced, principally in the services area. As with last year's report, expenditure is detailed in the following sub-sections of Management, Services, and High Performance.

## Management Performance

Regrettably for a variety of reasons the management of NZOF during 2010 could have been better. Personal issues limited my contribution at times for which I can only apologise and assure clubs it was temporary. Notwithstanding, I repeat my comments from last year that expecting contractors to perform functions on a part-time basis will not ideally assist our progress.

The most disappointing aspect has been the failure to make any substantive progress on upgrading the NZOF website. This is our highest priority for 2011 and we hope in 12 months time our report on this subject will be completely different.

Council devoted some critical attention during 2010 to the financial and human resourcing of NZOF. There are no easy answers for either category, and in 2011 clubs can expect to receive information that will address these fundamental areas and invite input into how NZOF can service the demands of our growing sport.

Despite these internal challenges, we responded positively to a suggestion from our international federation and we are excited to be hosting the opening round of the World Cup in 2013 in conjunction with the Oceania Championships. This will be a fantastic opportunity for our elite athletes to compete against the world's best at home. Although little may have been seen to date, there has already been plenty of work behind the scenes and this will continue throughout 2011.

Some internal policies were reviewed during the year, including a selection policy for the World Schools Championships in conjunction with the NZ Secondary Schools Sports Council, and our policy on fundraising events.

Management expenditure has been held at previous levels, despite an increase in insurance costs and meeting travel (due to personnel change on Council). These were offset by reductions in our affiliation to IOF thanks to the exchange rate, and office costs.

## Services

This area is perhaps the most affected by the resource challenges we face, and is likely to continue to do so in the foreseeable future. Expenditure remains under budget because of the lack of activity, coupled with clubs appearing not to need funds for development initiatives they might have.

Expenditure will potentially be reduced further with the decision to cease publication of the national magazine during 2011. With increasing costs and a static subscription base, the value for money spent became dubious. It will be replaced by an alternative annual publication with the first issue planned for the end of 2011.

Mick Finn continues to provide a necessary service with his media and promotion activity. In particular, videos produced for NZOF and available on YouTube seem to have been well received especially amongst younger orienteers.

Our promotional brochure was reprinted in 2010 and once these stocks are exhausted, it is intended to review its content.

The 2010 junior camp was held in Nelson and the original plan to utilise coaching support from Christchurch was upset by the (first) Canterbury Earthquake. I would like to acknowledge the efforts of both Lizzie Ingham and Martin Peat who shouldered most of the load for ensuring this camp occurred and the (older!) juniors who come along and assist with the coaching.

# High Performance

Our athletes continue to represent our sport and our nation overseas with distinction. Full details of all NZ representative teams and noteworthy results are contained in the Year Book beginning on page 23.

***World Championships***

For the first time in three years, two women competed at WOC in Norway, with Lara Prince providing a worthy result by qualifying for the final of the Long Distance and finishing in 43rd place. We were to have three women there, but unfortunately Lizzie Ingham withdrew shortly before the event due to injury.

Chris Forne continued his outstanding series of recent WOC results and showing the benefit of living in Norway for the year. He qualified for the finals in all three individual disciplines, finishing 25th in the sprint, 24th in the long and 21st in the middle. Ross Morrison also qualified for the sprint (44th) and middle (39th) finals.

***Junior World Championships***

Another full team of 12 competed at JWOC in Danish terrain that had some resemblance to the forests back home. Our team was quite young this year, and were fortunate to have Ross Morrison, Carsten Jørgensen and Jenni Adams as officials, ably assisted by Lizzie Ingham and Todd Oates. It must be a record for the number of officials and assistants for a NZ team!

The results on the whole were commendable, and with many eligible to return in future years suggests our current crop of juniors are highly promising. Highlights were numerous, including the sprint distance – Angela Simpson (17th), Laura Robertson (27th) and Toby Scott (33rd); the middle where Scott McDonald and Matt Ogden qualified for the Men's A Final; and both relay teams placing 13th, at the higher end of NZ's results historically.

***World University Championships***

With the timing and location of this event between WOC and JWOC, New Zealand were well-represented at WUOC held in Sweden, in the home town of our star of the past, Alistair Landels. He was there to support our team, and witness perhaps the most outstanding result in 2010, Angela Simpson's 6th place in the sprint distance. That equalled the best-ever result by a Kiwi at this event, achieved by Alistair in 1992.

***Pinestars v Bushrangers elite tests***

We continue to identify opportunities for trans-Tasman interaction for our elites. In 2010, a team attended the Australian WOC team trials in May where Jourdan Harvey (still a junior) produced an outstanding result in finishing 3rd in the sprint. The return match at our Queens Birthday weekend saw a comfortable victory for the Pinestars.

***NZ Secondary Schools Team***

We continue to send the best of our students to the Australian Schools Championships, and we continue to win. The Southern Cross Challenge has New Zealand's name engraved on it seven times, and no-one else. Results were spearheaded by our senior girls, who had all represented NZ at JWOC earlier in the year. New Zealand won three out of the four individual titles on offer, all now residing in Wellington city (Laura and Tim Robertson, and Lauren Turner). Once again our team was ably managed by Derek Morrison and Anna Robertson.

## KATIE FETTES MEMORIAL TRUST, 2010

*8 Somerton Rise, Westmorland, Christchurch 8025*
*Ph 03 335 0711  Email juliaf@xtra.co.nz*

The Katie Fettes Memorial Trust was set up in Katie's memory in 1998 to help develop and promote the amateur sport of orienteering in New Zealand and to provide financial assistance to the manager and coach of any national orienteering team.

One grant was made in 2010. Ross Morrison received $700 as coach of the JWOC team, who competed in Denmark.

The Trust encourages applications for funding in 2011 and hopes that clubs can let their members know that financial assistance is available for managers and coaches to ease the financial burden of assisting New Zealand teams at international competitions.

# STRATEGIC PLAN PROGRESS REPORT, 2010

## Overview

The end of 2010 represents the mid-point of this strategic cycle and with a few localised exceptions, progress is being made in the critical issues identified in our Strategic Plan. While concerns over volunteers and availability of their time remain paramount, many clubs report continued gradual progress to overcome their concerns in this area. However, it remains the most important issue to most clubs as they continue to resource the events and activities that progress our sport.

Despite continuing to rate volunteers and "burnout" as the most important issue, perhaps surprisingly there has been a significant increase in orienteering events held. Part of the increase can be explained through more local events (including school events) which require less effort to organise. Clubs are generally satisfied with event programmes they offer to their members and other participants.

2010 saw a significant increase in event participation and (less so) club membership. Only part of the participation increase can be explained by more events; it is pleasing to note average numbers attending events has also grown. 11 of our 17 clubs increased their membership, most notably in the South Island where regionally there was a 12% increase. Further details on participation and membership are on the following pages.

More clubs are turning attention to activities specifically for schools and utilising school grounds and other suitable local areas for introductory events. All three Auckland clubs have been successful (to varying degrees) in obtaining Kiwisport funding from their Regional Sports Trust and it is hoped other clubs can access this funding for school-based activity. While there is good development in such activity, it has yet to translate to any increase in competitive and championship events. 2010 saw a decline in participant numbers in such events, although this can be partly explained through venues away from areas of traditional strength.

One area that may impact strategically on our sport in the near future is land access, with some clubs reporting concerns. This is particularly evident in the Auckland Region, where a Working Group has been set up to counter problems. At a national level, documenting our consideration and sensitivity to land is something to pursue, with examples (such as the use of Department of Conservation land at Bannockburn for our National Championships) needed to demonstrate this.

## Increase Participation

As indicated last year, participation statistics have now been stripped of major and other events that can be deemed to have a significant non-local presence to gauge local participation trends. 10 out of 17 clubs increased the number of events held for local participation, and also 10 out of 17 clubs saw average participation increase in their local event programme:

# Auditors' Report

## New Zealand Orienteering Federation (Inc)

### To the readers of the Financial Statements of the New Zealand Orienteering Federation (Inc).

We have audited the attached financial statements. The financial statements provide information about the past financial performance of the New Zealand Orienteering Federation (Inc) and its financial position as at 31 December 2010. This information is stated in accordance with the accounting policies and Notes to the Financial Statements which form part of these financial statements.

#### Councillors' Responsibilities

The councillors are responsible for the preparation of financial statements which give a true and fair view of the financial position of the New Zealand Orienteering Federation (Inc) as at 31 December 2010, and of the results of operations for the year ended 31 December 2010.

#### Auditors Responsibilities

It is our responsibility to express an independent opinion on the financial statements presented by the trustees and report our opinion to you.

#### Basis of Opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- The significant estimates and judgements made by the trustees in the preparation of the financial statements; and
- whether the accounting policies are appropriate to the New Zealand Orienteering Federation (Inc)'s circumstances, consistently applied and adequately disclosed.

KEVIN WALKER C.A. - Director
1/28 Uxbridge Rd, Howick 2014, P.O. Box 38701, Howick 2145, Auckland, N.Z.
Tel: 09 534 5070 Fax: 09 534 5030 Email: kevin@wdahowick.co.nz

We conducted our audit in accordance with generally accepted auditing standards in New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

**Unqualified Opinion**

We have obtained all the information and explanations we have required.

In our opinion:

Proper accounting records have been kept by the New Zealand Orienteering Federation (Inc) so far as appears from our examination of those records; and

Give a true and fair view of the financial position of the New Zealand Orienteering Federation (Inc) as at 31 December 2010 and the results of its operations for the year ended on that date.

Our audit report was completed on 12th April 2011 and our unqualified opinion is expressed as at that date.

# New Zealand Orienteering Federation Inc.

## Statement of Accounting Policies

## For the Year ended 31st December 2010

### 1. Reporting Entity

The New Zealand Orienteering Federation is an Incorporation Society governed by the Incorporated Societies Act 1908

### 2. Statutory Base

The financial statements are prepared in accordance with applicable financial reporting standards and generally accepted accounting policies appropriate to the circumstances of an Incorporated Society and their rules.

### 3. Measurement Base

The measurement base adopted is that of historical cost.

### 4. Goods and Services Tax

The Statement of Financial Performance has been prepared exclusive of GST and the Balance Sheet has been prepared inclusive of GST.

### 5. Accounts Receivable

Receivables are stated at anticipated realisable value. Bad debts are written off against revenue as incurred.

### 6. Grants and Sponsorship

Grants received with restricted conditions are treated as income when those conditions have been met, until then they are treated as being refundable.

### 7. Valuation of Stock

Stock has been valued at the lower cost or net realisable value on a FIFO basis after due allowances for damaged and obsolete stock.

## 8. Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation. Depreciation of fixed assets is calculated using tax rates so as to allocate the cost of the assets less their residual values over their useful lives.

Gains and losses on disposal of fixed assets are taken into account in determining the operating result for the year.

## 9. Changes in Accounting Policies

There has been no change in accounting policy.
